

— PRESENTATION TEMPLATE

Your presentation title

A clear subtitle or short description

Presenter name • Organisation

Build your presentation from these layouts

Use Home → New Slide → Layout to choose a design. Click a placeholder and replace its text.

- Choose a layout that fits your message.
- Keep each slide focused on one idea.
- Use Home → Reset to restore placeholder positions.
- Duplicate these examples or insert a fresh slide from the layout gallery.

— FOUR KEY IDEAS

Compare four ideas at a glance

Use short headings and a few lines of supporting text.

Key idea 1

Explain the idea in one or two sentences. Keep each card similar in length.

Key idea 2

Explain the idea in one or two sentences. Keep each card similar in length.

Key idea 3

Explain the idea in one or two sentences. Keep each card similar in length.

Key idea 4

Explain the idea in one or two sentences. Keep each card similar in length.

Show two contrasting perspectives

Current approach

- Describe the starting point.
- Identify the main challenge.
- Name an important constraint.
- Explain what needs to change.

Proposed approach

- Describe the desired outcome.
- Explain the alternative.
- Highlight a practical benefit.
- Identify the next step.

Summarise eight related concepts

Concept 1

Add one concise sentence explaining this concept and why it matters.

Concept 3

Add one concise sentence explaining this concept and why it matters.

Concept 5

Add one concise sentence explaining this concept and why it matters.

Concept 7

Add one concise sentence explaining this concept and why it matters.

Concept 2

Add one concise sentence explaining this concept and why it matters.

Concept 4

Add one concise sentence explaining this concept and why it matters.

Concept 6

Add one concise sentence explaining this concept and why it matters.

Concept 8

Add one concise sentence explaining this concept and why it matters.

— HIGHLIGHTS

Organise four observations or recommendations

Observation 1: Describe a useful insight or recommendation in one or two sentences.

Observation 2: Describe a useful insight or recommendation in one or two sentences.

Observation 3: Describe a useful insight or recommendation in one or two sentences.

Observation 4: Describe a useful insight or recommendation in one or two sentences.

— TWO PERSPECTIVES

Explore a topic from two sides

- Introduce the first perspective.
- Support it with a clear observation.
- Explain its practical implications.
- Introduce the second perspective.
- Describe a complementary insight.
- Explain how the two views connect.

Takeaway: State the single most important message you want people to remember.

Explain six parts of a framework

Component 1

Briefly describe this component and its role in the overall framework.

Component 3

Briefly describe this component and its role in the overall framework.

Component 5

Briefly describe this component and its role in the overall framework.

Component 2

Briefly describe this component and its role in the overall framework.

Component 4

Briefly describe this component and its role in the overall framework.

Component 6

Briefly describe this component and its role in the overall framework.

Takeaway: Explain how these components work together.

— KEY POINTS

Focus on the main points

- Start with the most important point.
- Add supporting evidence or a practical example.
- Explain a relevant implication or limitation.
- End with a clear action or recommendation.

Takeaway: Distil the list into one memorable sentence.

— DISCUSSION

Present a case and invite discussion

SCENARIO

Describe a person, team, or situation relevant to your audience. Include enough context to make the scenario concrete.

Explain the challenge, the constraints, and what has already been tried. End with a decision or question for the group to explore.

— CONSIDER

- What stands out?
- What information is missing?
- Which assumptions should we question?
- What alternatives could we consider?
- What would you recommend next?
